TELLS COURT HOW PATZIG FIRED UPON LIFEBOATS

Petty Officer Begged Accused To Spare Hospital Ship

HEARD GUN SHOTS

"Judgment Of Heaven" Said Sailors When U-Boat Hit Mine

(Reuter's Service)

Leipzig, July 13.—The first German witness examined today in the trial of Dittmar and Boldt, the German submarine lieutenants who are charged with murder in firing at the life-boats containing the survivors of the hospital-ship Llandovery Castle, was Petty-Officer Popitz, who pleaded at the outset that he had lost his memory, but, in response to pressure by the President of the Court, he confirmed the accounts of "frightfulness."

He said that the Llandovery Castle was unmistakably a hospital-ship, and that he had begged Patzig not to attack her. The witness declared that after the Llandovery Castle's boats were lowered and the people were swimming in the sea, the submarine's crew was ordered below. Subsequently, firing was heard which the crew believed meant that the life-boats were being attacked.

BOILERS EXPLODED

Replying to the President, Popitz said that the explosion heard from the Llandovery Castle was not that of munitions but came from the boilers. Continuing, the witness said, that two days later, Patzig addressed the crew and exhorted them to say nothing.

The Court inferred from Popitz's story that the guns fired at the life-boats were manned by Patzig and the two accused.

The evidence of the second engineer of the submarine, named Ney, was most contradictory. Nevertheless, when he was pressed, he corroborated Popitz in the important respects. Ney stated that when the submarine later struck a mine the sailors said it was God's punishment for the sinking of the hospital-ship and the firing on the life-boats.

An official naval expert, addressing the Court, said that instructions had been given to sink hospital-ships in certain circumstances, owing to their misuse.

He admitted that there was no proof that the Llandovery Castle had abused its privileges, and also that the life-boats had been fired on.

The evidence for the defence sought to establish that British hospital-ships carried troops and munitions and brought other counter-allegations, but the Court appeared to be little impressed.

CAMBON OFFERS MEDIATION IN BANK MATTER

Chinese Will Be Paid In Full While French Get 50 Percent

(Reuter's Service)

Paris, July 13.—The Paris correspondent of the New York Herald learns that M. Jules Cambon, President of the Franco-American subsidiary of the Standard Oil Company, has offered to mediate in the affairs of the Banque Industrielle de Chine, and that M. Loucheur, Minister of Liberated Regions and Reparations, is conferring with M. Cambon daily. The Herald adds that a plan has been proposed by which the Chinese depositors of the Bank will be paid in full, and French depositors will receive 50 percent of their claims.

Deny Wrangel Is Plotting Under Britain's Shield

(Reuter's Service)

London, July 13.—In the House of Commons today, Commander Kenworthy asked whether General Wrangel, with his headquarters at Constantinople and assisted and protected by the British authorities, was plotting against the Russian Government.

Mr. Cecil Harmsworth (Under-Secretary for Foreign Affairs) declared that the allegations were foundationless.

QUAKE DISTRICTS DISTRESSED; ASK FUNDS FOR RELIEF

Shensi Perturbed Over Change Of Military Governor; Poppy Is Grown

(Staff Wire To The China Press)

Kuyuan, Shensi, July 12.—Your correspondent arrived here on Sunday. The earthquakes are continuing although the damages done are not considerable but the general populace is greatly disturbed over the phenomenon. Your correspondent has personally investigated every afflicted home in the district and set out to relieve the victims with funds secured from mission friends. The funds, however, are inadequate.

The distress among the people is deplorable. Efforts to till the field are being abandoned on account of the shortage of animals and implements which were destroyed by the earthquake.

Your correspondent will be glad to receive funds through The China Press for relief work here.

Poppy planting is quite apparent in this district, but the crops, unlike others, are poor. The soil where the land has been tilled is very fertile promising good harvests.

The Heh Cheng Tsi Valley steams are not so threatening as reported.

The heavy downpour which took place on Sunday has caused the overflow of the river outside the city walls, resulting in an inrush of water through the main streets of the Southern suburb.

Throughout Shensi, there seems to be great disquietude expressed by the people over the replacement of the Tuchun, Chen Shu-fan, by General Yen Hsiang-wen. The shops in Sianfu are closed. Chen is establishing his headquarters in Hing-ling Hsien to resist the incoming Military Governor.

(Reuter's Pacific Service)

Peking, July 12.—When telegraphing to the Central Government on the 7th inst. to report having handed over his seals of office to General Yen Hsiang-wen, General Chen Shu-fan stated that he was about to return to his family home to visit his parents.

MATURING MEANNESS

(China Press Correspondence)

Peking, July 11.—General Chen Shu-fan, deposed Tuchun of Shensi, secretly stored up large quantities of war material during the time he was in office and he is now preparing for some kind of action that may tend to keep the province in a state of strife for some months.

Before he left Sianfu, Chen took 140 rolls of wire and several telegraph instruments from the station there. He is supposed to be using this material in his new headquarters. While he has abdicated as Tuchun of Shensi and General Yen Hsiang-wen has formally taken over the office there is an indication that the Central Government is not yet through with General Chen.

The Government today wired to General Tsao Kun to notify General Yen of the large purchase of military supplies. The new Tuchun is to despatch investigators to find and seize them as Chen has not yet taken them to his new position.

URGA TAKEN AND UNGERN FLEES FROM MONGOLIANS

"White" Guards Driven Off And Dispersed, Many Captured

SEIZE BIG BOOTY

Great Store Of Guns And Munitions Are Abandoned

(Dalta News Agency)

Manchuli, July 12.—The Mongolian Revolutionary army has occupied Urga.

On July 5, troops in pursuit of the white-guards, defeated near Troitzkosavsk, overtook them. In the region of Sharagol and Urgoy Ungern's forces were defeated and driven in all directions.

Remnants of the bands were taken prisoners, with quantities of arms, machine guns, and war supplies.

A detachment commanded by Lieutenant Nemchinoff while attempting to cover retreating bands was nearly wiped out

Our frontier cavalry energetically pursued the panic-stricken enemy, and on July 6 joyfully greeted the Russo-Mongolian population of Urga, entering the city four o'clock in the afternoon.

As there had not been time for evacuation, great stores of military supplies and artillery were captured. The enemy is being pursued.

British Tourist Slain In Italy In Raid Of Fascisti

(Reuter's Service)

Rome, July 13.—The renewal of Fascisti terrorism in the province has resulted in a tragedy to a party of British subjects at Viterbo, where the Socialist inhabitants of the town rushed with arms to repel the advance of the Fascisti, whose activities in the neighboring villages had ended in the killing of a peasant. A motor-car containing a British family named Beckett was entering Viterbo, when its occupants were mistaken for Fascisti and fired on. One of the party was killed and three wounded.

JAPAN ONLY POWER NOT YET IN LINE TO DISARM

No Doubt Felt That Nippon Also Will Agree To Confer

POPE APPROVES

Meanwhile Harding Signs $410,000,000 Bill For American Navy

(Reuter's Service)

London, July 13.—Reuter learns that Japan has thus far not replied to the American invitation to the conference at Washington, although there is no doubt that she will readily accept. There has been, in fact, scarcely time for the receipt of a reply. There were two proposals before the Japanese Cabinet; one from London, prior to President Harding's, namely, to hold a conference on Pacific questions in London, and the second from Washington, for a conference with a wider scope. It is now understood that the London proposal has practically been amalgamated with the American.

ARE GLAD OF MOVE

(Reuter's Pacific Service)

Tokio, July 14.—President Harding's proposal is generally welcomed in the press and by statesmen and leaders of public life in Japan as a most timely and useful move. The consensus of opinion is that Japan has everything to gain from the results of such a conference for the limitation of armaments.

She has always, it is stated, favored consultation among the leading Powers, and she is now ready to play her part with others in devising steps which may lead to the maintenance of world peace and to the lightening of the financial burdens which arise from expenditure on armaments. Effective results from such a meeting can only be obtained, it is believed, by perfect sincerity on the part of all participants.

The more Liberal elements here are of opinion that the present constitutes an excellent opportunity for Japan to show the sincerity of her motives, and frankly to disclose her principles

Great Throngs See Caruso Off For Italy

A photograph of Enrico Caruso, noted tenor, whose recent illness and possible loss of voice caused apprehension in the music world, with Mrs. Caruso and Baby Gloria, aboard the S. S. President Wilson, bound for Italy, where the famous tenor will spend the Summer at his villa. Thousands of admirers were on hand to wish him bon voyage. Caruso and his party are occupying seven suites aboard the President Wilson, the reservations costing $35,000. Just as the steamer left the dock an enthusiast cried out: "How is your voice?" In answer, Caruso sent forth a cadenza that roused the crowd to cheers over the full recovery of the famous singer.

IRISH SENATORS FAILING QUORUM AWAIT MESSAGE

Two Commoners And 15 Senators Attend And Adjourn

(Reuter's Service)

London, July 13.—Only two members and eleven senators attended the Southern Irish Parliament at Dublin today. At the opening on June 28 only fifteen Senators and four Commoners attended out of 64 and 123 members respectively, and an adjournment was therefore made till July 13 so as to enable the members to take the oath.

A motion was adopted by the Senators to adjourn sine die, pending a communication by the King. The two Commoners sat in private.

LORD BANDON RELEASED

London, July 13.—Lord Bandon, the septuagenarian peer who was kidnapped by Sinn Feiners when his residence, Castle Bernard, in county Cork, was burned down by an armed gang on June 21, has been liberated.

London, July 14.—The release of Lord Bandon has given the Irish truce a wider character. The Government has now ordered the re-opening of the sections of the railways which were closed in consequence of Sinn Fein outrages.

There was a recrudescence of sniping in Belfast last evening, five people being wounded.

SOVIET TO HOLD ROMANOFF GOLD BRITISH DECIDE

Bondholder Cannot Attach Former Imperial Treasure

(Reuter's Service)

London, July 14.—A decision vitally bearing on the Russian trade agreement, which could have been terminated by the Soviet Government in the event of the success of an action brought before the Chancery Division yesterday, when it was decided that the holder of Russian five percent bonds of 1906 had no claim on the gold deposited in the Bank of England. The gold, which was formerly part of the gold reserve of the Imperial Government of Russia, thus remains the property of the Soviet Government.

The case was a test action to decide the right of the Soviet Government to retain possession, according to British law, of gold it seized from the former Imperial Government.

Engineer Unions Agree To Reduction

(Reuter's Service)

London, July 13.—The ballot of engineers, whose delegates at the conference of engineering unions on June 30 overwhelmingly accepted the agreement with the employers, and agreed to recommend the members of the unions to accept the terms, has resulted in the acceptance of the wage reductions by a substantial majority.

Koukaza Fete Rivals Those Of Fontainebleau Of Old

By Bruce Hopper

FONTAINEBLEAU in the most extravagant days of Louis XIV was but an anticipation of last night's display, when France feted Shanghai in Koukaza park.

Readers of Dumas and Saint Simon found so much similarity between the water carnival and forest festivals of Fontainebleau and the entertainment last night that centuries seemed charmed away by the seductive flutter of the million and one lanterns. All the holiday folk passed for courtiers and belles dames in the half-tones of that mysterious light, and one saw in fancy the dryads and naiads flitting among the trees.

Indeed, Louise de la Valliere, Montespan, and Maintenon all were there in the chic monde which danced on the hard courts a la belle etoile. There were no stiff brocades, nor dangling swords, but the gowns were charmingly beautiful, and mess jackets sufficiently disguised the individuality to satisfy the illusion.

The step was not the stately Pavane, the Saraband, nor the lively minuet. The fox trot was gay, the evening air was soft, the music was soothing to even the civilised breast, the women were exquisite, and the whole thing was incomparably French, et voila!

Every wonder of lighting effect seemed greater than the last, as one wandered around the public garden. The crowning magnificence was the vista from the top of the grotto. Below a miniature waterfall sprayed its sheen before a series of red lights within the cavern. Beyond, and on all sides, the half-concealed, half-revealed lanterns stretched away like the mysterious lights of the firmament. The effect of distance was superb.

French taste and ingenuity for mise en scene were lavished on the decoration of the ponds. There were large water lilies floating on the water, luminous docks and storks, and a flaming ship with hoisted sail and brilliant port holes, ready to follow the long rolling ground swell to dream shores of the voyage imaginaire.

The trailing glory of the festoonery, and the reflections on waters stilled at e'en, brought to mind one's childhood pictures of the shining Orient. There was not a false note in the splendor of it all.

The justly famous orchestra of the Cercle Sportif played well in that realm of delight. Another band of musicians gave concert to the crowds in the public garden. All Shanghai was there, the foreigners from the hongs, the sailors from the harbor, and the Chinese with their fans.

And not least among those who delighted in the fairyland were the children, watching the moving pictures, or adding with their small voices to the general expression of wonderment.

Truly, the French entertain well.

Japan Invites The Prince Of Wales To Visit Country

(Reuter's Service)

London, July 13.—The Japanese Government has sent a telegram, officially inviting the Prince of Wales to visit Japan after his tour in India.

PRINCE HONORS HEROES

Rome, July 12.—This afternoon the Crown Prince of Japan visited the Pantheon and laid wreaths at the tombs of King Victor Emanuel and King Humbert.

In the evening, His Imperial Highness attended a brilliant State banquet at the Quirinal. The banqueting hall was wonderfully decorated.

The Crown Prince, in proposing the toast of the King, dwelt on the happy relations between Italy and Japan and eulogised the Italian efforts at reconstruction after the war.

His Majesty replied that he was certain Italy would find Japan worthy of collaboration in reconstruction and the establishment of peace.

Fifty thousand people assembled in the Quirinal Square, and gave a remarkable ovation to the royal visitor, who appeared twice on the balcony amid deafening applause.

London, July 13.—Dr. Eldon James, ex-Warden of the Law Faculty of Missouri University, who represents Siam on the Hague Arbitration Court, has submitted four candidates for the eleven judgeships and four supplementary judgeships in the International Court of Justice, namely:—Phya Kritika Nukornkitch, Director of Justice of the Supreme Court of Siam; Phya Chinda Piromj, of the Civil Court of Siam; Dr. Roscoe Pound, Warden of the Law Faculty of Harvard University, and Justice B.S. Friis of the Supreme Court of Denmark.

RUSSIAN ATTACKS ON CHINESE SHIPS BRING PROTEST

Soldiers Killed And Vessels Disabled Along Coast, States Report To China Press

Protesting against the unwarranted action of the Russian naval authorities in firing upon Chinese vessels entering and clearing the Amur, Sungali and Ussuri, the Chamber of Commerce of Heilungkiang yesterday addressed a lengthy telegram to The China Press, recounting indignities the vessels have received at the hands of the Russians.

Over a dozen Chinese were killed when the Shih Tung Company steamer Hangchow with over 300 troops of the Kirin Fourth Brigade attempted to enter the Amur, the report states. The shots completely disabled the ship and prevented it from making any further progress up the river, whose navigation rights are equally shared by China and Russia by virtue of existing treaty, the message said.

Other incidents of infringement on Chinese sovereignty were also cited. On July 1 when the Chinese gunboat Kiang Hun was sailing from the Sungali into the Amur, she was chased by a Russian gunboat and informed that hereafter no vessels flying colors other than Russian flags would be allowed to enter the Amur. The Kiang Hun was therefore compelled to return.

The sanguine incident of the Shih Tung took place on July 8 and was considered by Chinese in the Amur and Sungali zone as a great national humiliation.

LEAGUE RULES TO GOVERN IS PACT PROVISO

Anglo - Japanese Alliance Defers To Covenant Of Nations

(Reuter's Pacific Service)

Tokio, July 13.—The text of the further note to the League of Nations from the Governments of Great Britain and Japan on the subject of the Anglo-Japanese Alliance agreement, under date of the 7th inst., is now published simultaneously in Tokio and London.

In this Note, the two Powers jointly notify the League that "pending further action, they are agreed that if any situation arises whilst the agreement is in force wherein the procedure prescribed by the terms of the agreement are inconsistent with the procedure prescribed by the Covenant of the League of Nations, the latter procedure shall be adopted, and prevail over the former."

In explanation of the foregoing notification, the Premier (Mr. Hara) in an interview with the Kokusai News Agency said the statement in regard to the relations between the Covenant and the Alliance did not reflect any new agreement between Great Britain and Japan. Such a statement might have been made at any time since the Peace Treaty was signed, or since that part of the Treaty aiming at world peace became effective.

The Alliance, which, he said, had stood the test of time so remarkably, and had contributed to the peace of the world, would, pending further action, remain in force, and prove as useful as formerly in maintaining and advancing the peace, security and welfare of the Far East.

ALL NATIONS JOIN FRENCH IN HOLIDAY CELEBRATION

Ceremonies, Receptions And Varied Events On Program For Day

M. WILDEN SPEAKS

French Park Made Into Fairyland For Evening Merry Making

All Shanghai united with the French residents of the community yesterday in the observance of the French national holiday and attended ceremonies and a varied program of events that began early in the morning and continued until late at night.

Following the blazing lantern parade of Wednesday night which opened the celebration, the first event yesterday was the ceremony of saluting the Tricolor at the French Consulate. This took place at 8 o'clock in the morning and after this, at 10 o'clock occurred the distribution of awards to members of the fire department.

A large gathering of foreigners and Chinese assembled at the French Consulate at 11 o'clock for the official reception. Officials of all the foreign nationalities and the leading officials of the Chinese community were present to extend greetings. An address was given by Mr. M. Wilden, the French Consul-General.

Receptions through the noon hour were held at the Cercle Francais and at the Cercle Sportif Francais. Hundreds visited the French Club where an informal program of short addresses was given. Those who spoke were Mr. H. H. Fox, Commercial Counsellor of the British Legation at Peking and Mr. Wilden, Mr. Knight, French Commercial Attache, presided.

Beginning at 3 o'clock in the afternoon the program of sports and games held the interest of the throngs. This program consisted of various kinds of athletic contests with unique features in the form of stunts of various kinds.

With the falling of darkness a marvellous transformation was wrought in the French Park and in the grounds of the French Club where the greenery and all the trees suddenly blossomed with scarlet and golden globes and made a fairy wonderland of all the vast area.

Silvery blue masses of lights over the lagoon with their reflections mirrored in the still surface of the water gave an eerie effect that led the onlooker momentarily to expect the appearance of dancing nymphs in the fairyland about him. Here under a luminous scarlet canopy of incandescents upreared over the bandstand a concert by the band was given while moving pictures were shown on the lawn nearby. Through the evening dancing proceeded in the building of the French Club and later on the asphalt tennis courts which had been marked off by lines of lanterns.

CONSUL'S ADDRESS

The address that was given by Mr. Wilden at the official reception was as follows:

"For the fourth time since my arrival in Shanghai, I have the enjoyable duty, on the occasion of our national holiday, to speak to you officially. It is not so easy as it seems. Put yourself in my place for an instant, and think only of France and of the reason for this speech, and partly of the Nation and the 14th July. This is only one of many speeches which have been given since the commencement of the third Republic, on the subject of the storming of the Bastille. And you will agree with me that on this occasion imagination is one of numerous qualities which ought to be possessed by a consul, who would be a model of his kind.

"The model among consuls, it ought not to be very easy to find, if one judges by public opinion, such at least as is reflected by the French press. You will have noticed that it is a subject on which the newspapers and reviews have come to an unusually unanimous way of thinking. All are in accordance in declaring that we are worth nothing, or at any rate, nothing much. It has become in France almost an article of faith, an axiom which one can now accept without argument. I am quite resigned to it, and would not be in the least

surprised for example, to receive a letter which opened thus: "Monsieur, I am told that you are a good consul. This causes me great astonishment, for you would be the first that I have met." And which ends by a request for employment by the Municipality.

HIS POSITION

"Believe me, Gentlemen, people are very unjust to us. I know my faults; you also know them in all probability. But if the fact that he is passionately interested in the colony where he is sent, and that he shares with enthusiasm its joys and its woes, constitutes a good consul, I know some one who has done his utmost to qualify. For I assure you that nothing fortunate or unfortunate happens to a Frenchman without, I rejoice or grieve with him, and you know that your cares are mine, as your congratulations will be mine, if, as we hope, things turn out for the best.

"We are, it is true, privileged, for if men pass on and ministries change, our patron is "La France, La France Victoricuse." There is a vast difference in representing France in 1914 and today. It is not disputed that we have always been lovers of our country, but we had not effaced the memory of our defeat. The year 1921 has celebrated with equal enthusiasm the feast of Joan of Arc and the centenary of Napoleon I. It is a great year in the history of our country, which begins with the Kings and passes on through the revolution to the Empire, culminating today in the apotheosis of our deep principles, which we have always defended, in something greater than Kings and Emperors, the spirit of wonderful Sacrifice, which lies nameless under the "Arc de Triomphe: the French Poilu."

"It is of him that we must always think, we Frenchmen in China, who in our own modest sphere of action, add each day a thread to the fabric which is the history of our country. In the hours of discouragement, when our exile hangs heavy on our shoulders, let us call to mind the sufferings and miseries of those our brothers and our friends, who died that France might live. . . . Vive La France! Vive La Republique!"

Ministry Approves Formation Of Silk Exchange At S'hai

According to a private telegram received here yesterday, the Ministry of Agriculture and Commerce has sanctioned the establishment of the Shanghai Silk and Cocoon Exchange promoted by Mr. C. T. Wang and other silk and cocoon merchants in Shanghai.

The message says that the article of incorporation had been examined by the ministry's special committee and approved; and a permit for the operation of the exchange is being issued.

Mixed Court Jottings

A single motor car case, involving foreign witnesses, occupied two hours of the special traffic court's time yesterday afternoon, finally resulting in the dismissal of the chauffeur defendant. The chauffeur was charged with improper driving on Taku Road, where his car struck and injured an unattended pony which had dashed across the street. Twenty-four cases in all were before the court, nineteen applying to motor cars, one to a motor cycle and the rest to carriages. Twenty-two fines, ranging from $5 to $35 were assessed, one case was dismissed and one defendant got off with a caution.

Two coolies charged in the Mixed Court with theft of 150 gallons of kerosine from the premises of Messrs. Henigsberg and Co, were ordered remanded in custody until Tuesday, when the same firm will prosecute another man accused of stealing a magneto. Warrants for three others were ordered issued in connection with the kerosine theft.

An additional month's imprisonment was imposed on a coolie yesterday because he had lied to the court regarding a previous conviction. He was charged with larceny and the total sentence was three months.

A Chinese who attempted to steal 40 feet of steel hawser belonging to the steamer Gregory Apcar, lying at the Shanghai-Woongkew wharf, was sent to jail for two weeks yesterday. He was observed by a watchman just as he was shoving the coil into the river.

For intimidating Public Works Department coolies employed in the Harbin Road district, one of the strikers from Central district was given sentence of five days' imprisonment yesterday.

Two suits, for sums aggregating over G. $20,000, have been filed in the Mixed Court by George E. Schneider and E. C. Lange against the Wusih Weihin Brewery Company, Ltd. The former of the plaintiffs a resident of San Francisco sues on claim that he was engaged as brewmaster by the defendant firm at a salary of G. $6,000 per year, with transportation, dwelling and other expenses and a prospective bonus. Lange's petition alleges that he was a resident of Seattle and is an expert mechanical electrical engineer and that he was induced to sign a three years' contract at a salary of G. $300 per month, together with dwelling, transportation and certain other expenses. It is alleged that the company has failed to comply with the contracts, both of which were executed in San Francisco on January 23, 1920. Mr. F. M. Linebarger appears for both plaintiffs and Mr. F. J. Schuhl represents the defendants.

Boys From Famine Area Go On Strike At Cotton Mill Here

Fifty-five boys brought to Shanghai from the famine areas of Shantung and Chihli and put to work in a cotton mill here have quit their jobs and refused to return to work.

During the height of the famine 3,000 such boys, of ages ranging from 11 to 18, were brought to Shanghai with funds provided by the Chinese cotton mill owners and the bankers' guild. They were to be set to earning mill work, to be clothed, fed and educated by the mills. The fifty-five in question, who were employed at the Hou Sung Mill, Lay Road, came to Yangtzepoo police station Wednesday and said that they would not resume work under any consideration. Temporary quarters for them were found in the Tuh Bing Temple on Lay Road and the mill has undertaken to feed them and to send them to their homes.

100 In Shade Is Reached In Heat Wave Of France

(Reuter's Service)

London, July 13.—According to Reuter's Paris correspondent, France has been affected by the heat and drought even worse than England. The temperature there is 100 degrees in the shade and many woods and wheat fields have been swept by fire.

Damage to the extent of five million francs has been caused by a conflagration at the publishing works of Messrs. Hachette, and the cutting of a celluloid works in the suburbs also resulted in loss to the value of several millions.

SIGNS NAVY BILL

(Reuter's Service)

Washington, July 13.—President Harding has signed the Naval Appropriation Bill, which carries $410,000,000 and includes Senator Borah's amendment, authorising and requesting President Harding to call a three-Power naval disarmament conference.

POPE ALSO APPROVES

(French Wireless through Reuter)

Rome, July 13.—The invitation from President Harding to the Powers for a conference on disarmament has produced an extremely favorable impression at the Vatican, as the American proposal is in perfect accord with the views held by the Pope both during and since the war.

With his pacific policy upheld in the name of Christianity, His Holiness has experienced lively satisfaction at finding President Harding wedded to his opinion, and he proposes shortly to publish a note requesting the Allies to disarm.

PREMIERS ARE WELCOME

London, July 14.—Although the Washington Government did not officially invite the Dominions Prime Ministers to the proposed disarmament conference, because it did not wish to dictate to Great Britain the nature of her delegation, it is clearly indicated that America would enthusiastically welcome General Smuts, Mr. Hughes and Mr. Meighen.

It is understood that Mr. Hughes and Mr. Massey have expressed the opinion that Australasia should certainly be represented at the conference.

President Harding is considering the suggestion of a preliminary conference before the Imperial Prime Ministers leave London.

Obituary

Mr. WALLACE R. MATTOX

Funeral services were held Wednesday afternoon for Mr. Wallace R. Mattox, who died here Tuesday night at the age of 83 years.

Mr. Mattox was born near Columbus, Ohio, April 24, 1838, and came to China with his granddaughter, Luverne, this year, arriving on New Year's day. His eldest son, the Rev. Elmer L. Mattox, has been a missionary in Hangchow, under the Presbyterian Board, since 1893. Mr. Mattox was attending Otterbein University, in Westerville, Ohio, at the outbreak of the Civil War and joined the 15th Ohio Regiment of Infantry, with which he served until honorably discharged. At the close of the war he moved to Iowa and studied at Iowa State University. In 1867 he was united in marriage to Elizabeth S. Phinney, of Oskaloosa, Iowa. Four sons were born of the marriage, all of whom survive their father—the Rev. Elmer L., of Hangchow; Earnest E., of El Paso, Texas; Oren O., of Torreon, Mexico, and Fred P., now in Hanava, Cuba. Mr. Mattox moved to Colorado in 1888 and ten years later to Santa Monica, California.

Funeral services were conducted by the Rev. H. J. Wright at the Bubbling Well Chapel and Mrs. E. N. Dunning, who was a fellow passenger when Mr. Mattox came to China, sang "Crossing the Bar" and "Father I Know that All My Life is Portioned out for Me." The pall bearers were Mr. R. P. Roberts, the Rev. N. T. Stauffer, Mr. H. H. Creighton, the Rev. H. M. Smith, the Rev. J. N. Espey and Mr. C. E. Crane.

Philippine Debt Limit Increased

(U. S. Navy Radio through Reuter)

Washington, July 12.—The Congressional leaders plan the completion tomorrow of the legislation authorising the increase of the Philippine debt from $15,000,000 to $30,000,000. The members of the conference of the Senate and the House of Representatives have reached an agreement, the House managers agreeing to the Senate's amendment, authorising an increase of $10,000,000 in temporary certificates of indebtedness.

U.S. Army Less By 75,000 Men

(U. S. Navy Radio through Reuter)

Washington, July 12.—It is estimated from the reports so far received as to the resignations of enlisted men, that 75,000 will leave the service this month in connection with the first move for the reduction of the Army.

"La Boheme"

The oppressive heat and the celebration of July 14 meant a small house at the Lyceum Theater last night when the Russian Opera Company gave a remarkable production of Puccini's "La Boheme."

It is to be regretted that more could not have heard Miss Mashir and Mr. Danilov sing the parts of Mimi and Rudolph, delightful as they were, and supported by a strong cast.

Miss Mashir sang the difficult role beautifully and acted well. Her long duets with Danilov, her Michiamano Mimi and her sad story told to Marcel before the city gate of Paris, demonstrated her versatility as an artist and her ability as an actor. Even the most difficult situations she handled with an ease that positively charmed the audience and with Danilov, Miss Mashir was given hearty applause at the conclusion of each act.

Danilov, too, was excellent, although perhaps he overacted his part—quite often. His singing, at times highly dramatic, could not be criticised. It was nigh perfect. He was thoroughly in sympathy with Miss Mashir and they scored heavily in their duets.

Praise should be accorded Miss Kazanskaia's Musette, Pantileef's Alcindoro and Chrujianovski's Marcel while the other important roles were sung well.

Last night as in other productions, the company was handicapped by inadequate scenic properties and acting (with the exception of Miss Mashir's) which was far below the standard set by the remarkable singing.

It is hoped that "La Boheme" will be repeated and that a larger audience will hear it.

Tonight "The Mermaid" will be sung.

JAPAN REFUSES

(Reuter's Pacific Service)

Official Receiver For Ezra Says Exchange Settlements On Differences Are Gaming

Banks In Half Million Tael Appeal Must Have Known Ezra Was Gambling, Receiver Argues; Defense Claims Transactions Were Regular

The legitimacy of buying and selling exchange and settling only the differences was the chief question argued yesterday in the British Supreme Court, in the hearing of the appeal by the Netherlands Trading Society and the Nederlandsche Indische Handelsbank against the decision of the official receiver rejecting the proof of their claims of more than half a million taels against Mr. Judah Isaac Ezra, in bankruptcy.

Assistant Judge Peter Grain who occupied the bench Wednesday and yesterday during the full hearing, announced at the conclusion of argument that he would give judgment Tuesday.

Mr. A. L. Dickson, the receiver, in his concluding argument maintained that Ezra's exchange transactions, which lead to his petition in bankruptcy, were gambling ventures, pure and simple. Mr. H. L. Ward, for the appellants, contended that the transactions were perfectly legitimate business, done every day in every part of the world.

INTENT TO GAMBLE

Had such methods of dealing in exchange not been tolerated in Shanghai, Mr. Dickson said in his argument, there could never have been a case such as this where a young man of 29, a clerk in a real estate office, might be forced into bankruptcy with liabilities of Tls. 3,500,000 and assets of but Tls. 1,500. The bankrupt's intent, he maintained to the Court, clearly was to gamble. There was never an intent to take up the contracts; it was always intended to pay merely the differences.

Authorities and decisions in England were quoted by the receiver which classified the payment of differences only as a gambling transaction. He was not undertaking to pass reflections on the integrity of the two banks, he said. He was confident that the bulk of their exchange business was a legitimate settling of exchange. But, he continued, there have been cases, and the Ezra case was one, in which there had been gambling. It was even common knowledge, he ventured to say, that Mr. Ezra had made his money by gambling, and was continuing so to do.

ASKS DISMISSAL

The fact that Judah Isaac Ezra held his brother Edward Ezra's power of attorney during the time of the contested exchange transactions, Mr. Dickson said, did not enter into the matter. He refuted the suggestion that the banks had been influenced by that document.

The banks knew, he said, that Mr. J. I. Ezra was not a merchant or engaged in any business which necessitated him settling exchange. He submitted that there was a tacit agreement between Mr. Ezra and the banks that only the differences on the contracts would be settled.

On the question of mutuality of the contract Mr. Dickson submitted that the evidence had shown most strongly that Mr. Ezra was gambling, and that the banks knew that he was gambling. If the transactions at issue were not gambling transactions, he concluded, there was no such thing as gambling. He asked the Court to dismiss the appeal with costs.

MR. WARD REPLIES

Mr. Ward, arguing for the banks contended that the exchange transactions had been entered into by both parties as legitimate business transactions. A man bought or sold sterling, usually, he said, because he thought he had knowledge that by reselling or rebuying at a future date he would make a profit. He likened it to dealing in cotton futures. Such transactions, he said were very useful from a business point of view as they helped eventually to fix prices.

There had been no bargain, Mr. Ward pointed out, between the banks and Mr. Ezra, for the payment of differences only. Allegations suggesting or charging such intent must be proven. The contracts were open always, he said, and could be closed out at any time convenient to the purchaser. The deals might have been speculations, but there was never a suggestion present in the mind of either party that they might not be covered when the market suited.

BANKS PROTECTED

The Gaming Act, he said dealt with gaming contracts for which they must have mutuality of contract on both sides. He submitted that there was no evidence that either of the banks had entered into gaming transactions. There was no bargain made that should Mr. Ezra win, the banks must lose. The banks, he said, were always protected by buying against purchases.

It made no difference to the banks, Mr. Ward continued, which way the exchange went. They made their living by the difference on the selling and buying rates. The sales of exchange to the banks, he said, were out and out sales, which Mr. Ezra intended to cover later by buying on a favorable market. There was nothing in the circumstances from which the Court might say that a secret understanding was had that the mere differences would be paid.

JUDGMENT ON TUESDAY

Concerning Mr. Ezra's position, Mr. Ward recalled that Mr. Judah I. Ezra had once been a very wealthy man, worth at least a million taels. His financial position when he entered into the contracts with the banks had not been stated. It was common knowledge to everyone in Shanghai that he held his influential brother's power of attorney. The banks had accepted his assurances. He deceived them into a confidence that lead them not to cover their losses. In December, he said, when the contract time was up they had actually bought the sterling. There was no gambling in that, he submitted; there was no evidence to justify a finding against the appellants.

Judgment will be given Tuesday.

PLAN TO QUERY EX-MINISTER ON MUKDEN SPEECH

Mr. Crane Misquoted, Friends Believe; Will Wire To Learn Truth

(China Press Correspondence)

Peking, July 12.—Close friends of Mr. Charles R. Crane, former Minister to China are inclined to doubt the report sent from Mukden to a Tientsin paper, to the effect that he favored international control for China. The report has caused wide comment in Peking among both Americans and Chinese. It came to public attention through a signed article by Dr. Bertrand Russell. When asked his authority for thus quoting Mr. Crane, Dr. Russell cited the Mukden message.

In an interview with the Peking Leader, Colonel Drysdale, military attache at the American Legation, said he was with Mr. Crane most of the time the latter was in Mukden and he did not believe he made such a statement. Colonel Drysdale said also that he had been closely associated with Mr. Crane for more than a year and that while he was strongly in favor of the consortium, he believed it should be entirely free from politics. Mr. Crane, he said never expressed the opinion that China should have international control.

The message was sent originally to the North China Daily Mail of Tientsin and was published as special correspondence. Mr. Russell's article appeared in the leader. All parties apparently used the report in good faith and Mr. Crane will be asked by wire, just what he did say in Mukden.

French Senate Ratifies Peace With Hungary

Briand Calls Cabinet Of Germany Weak But Willing To Pay

(Reuter's Service)

Paris, July 12.—The Senate has ratified the Treaty of Peace with Hungary.

In the course of the debates on the ratification, frequent allusion was made to the "farcical" trials at Leipzig and Germany's lust for revenge.

M. Briand said that the German cabinet was weak enough but that it seemed willing to meet its obligations. The disarmament of Germany, he added, was far from complete and France must remain on her guard until Germany had abandoned her aggressive schemes and had become imbued with real democratic ideas.

Regarding Syria, the Premier said that France was prompted by no imperialistic aims whatever but considered herself invested with a mission of pacification and organisation amongst a people who were already French in spirit and culture.

(French Wireless through Reuter)

Paris, July 13.—The Conference of Ambassadors met on Tuesday under the presidency of M. Jules Cambon, and dealt with the execution of the military clauses of the Treaty of Neuilly with Bulgaria.

Measures were considered for accelerating the complete execution of these clauses.

The Conference further considered certain preparatory measures for the putting into execution of the Treaty of Trianon with Hungary.

(Reuter's Service)

Paris, July 13.—The Paris Municipality estimates an outlay of 50,000,000 francs for the Inter-Allied Colonial exhibition in 1925.

The difficulty in providing ample space has been met by the selection of sites in two different parts of the city for displays.

Chinese Start Move To Close Shops Sunday

(China Press Correspondence)

Amoy, June 25.—The cloth store and money shop employes of Amoy have taken the lead in a Sunday closing campaign. In all about 700 men have already taken the stand that they must have Sunday free from work and the jewelry and grocery stores have also received petitions from their employes for one weekly rest day.

It is expected that this plan will be accepted by the employers and it will require the combined efforts of all, the churches and the Y.M.C.A. to furnish a suitable substitute for work on Sunday—something to keep all of these workers out of mischief.

Sikh Watchman Dies As Result Of Assault

A Sikh watchman at the South Manchurian Railway wharf, Yangtszepoo Road, died in hospital yesterday following a beating received at the hands of a gang of coolies Wednesday night. One of the coolies was arrested and appeared in the Mixed Court yesterday morning before the victim died. The prisoner was charged with assault and was remanded in custody pending developments. The watchman was struck over the head with bamboo carrying poles when he tried to evict a number of coolies who were sleeping on the wharf. An inquest was begun and was adjourned after evidence of identification had been given.

Ask Producing Areas To Ship More Rice

The Rice Threshing Guild at a meeting held at the Chinese General Chamber of Commerce passed a resolution to request the upcountry dealers to send down more rice for fear of a shortage being experienced as the result of hesitation on the part of the rice-producing districts to ship rice here since the strike.

Owners of the rice transporting junks met yesterday and sought relief for the loss sustained by them during the strike. It is expected that they will increase charges shortly to make up the loss.

Yesterday's market price for rice was $11.50, the figure which ruled just before the strike.

A Michigan Mother's Opinion of Baby's Own Tablets.

The demand for Baby's Own Tablets is enormous and grows larger every year, the reason being that, having once tried them for their little ones, mothers of babies and young children never care to be without the Tablets in the house, ready for emergencies either night or day.

Writes Mrs. F. Emery, of 8 Barclay Place, Grand Rapids, Mich., "My baby was not very well and was cross and troublesome. I gave her several doses of Baby's Own Tablets, and they did her so much good that I would not be without them for many times the amount they cost. I strongly advise every mother to give them a fair trial."

Baby's Own Tablets are guaranteed absolutely free from any opiate or narcotic, and to be equally harmless and helpful to the youngest infant as to the child of 6 or more years. They promptly banish infantile indigestion, constipation, colic, diarrhoea, colds, feverishness, and teething troubles, bring restful sleep, improve the appetite and promote regular development.

Of dealers or post free at 60 cents the vial from Dr. Williams' Medicine Co., 96 Szechuen Road, Shanghai.

Cossacks In Clash With Kappel On Westward March

(Reuter's Pacific Service)

Vladivostok, July 14.—Semenoff's Cossacks remaining at Vladivostok were ordered by General Ivanovrinov, his Chief of Staff, to proceed to Grodekovo on Tuesday, en route to Razdolnoe. A skirmish has occurred between these troops and the Kappelites, in which there were killed and wounded on both sides.

Semenoff being without funds, Colonel Time has proceeded to Harbin in an endeavor to procure them.

The elections for the Popular Assembly are dragging on, and out of a total of 148 members only 49 have so far been returned. Bolshevik repression in the outlying districts is interfering with the elections.

M. Antonov is endeavoring to open a rival Popular Assembly at Iman before the one at Vladivostok assembles.

Cadets To Make Cruise Of World

(Reuter's Pacific Service)

Tokio, July 8.—The Training Squadron, consisting of the Iwate and the Asawa, will leave on a world cruise in the middle of August under command of Vice-Admiral Saito. Some 170 graduates of the Naval Officers School from Etajima, and some 86 graduates of the Naval Engineers School and Paymasters' School from Yokosuka will make the world-trip.

The Squadron will leave Yokosuka on August 20, and is expected to complete its cruise in the course of some 263 days, returning in April, 1922, via Gibraltar, Athens, Colombo and Manila. The total distance to be covered by the proposed cruise is 26,400 nautical miles.

TO QUELL OUTLAWS

(Reuter's Pacific Service)

Peking, July 12.—Owing to recent activities of outlaws, the Government has decided to appoint a Military Commissioner at Tao-Liao (Taonanfu and Liaoyuan). The Commandants at Jehol and Suiyuan have already sent out troops to quell the outlaws and it is feared that the latter will retreat into the Taonanfu and Liaoyuan districts unless arrangements are made for military co-operation amongst the four districts.

SAITO TO OILFIELDS

(Reuter's Pacific Service)

"TAIGYO" TACTICS SLOW UP STRIKE OF DOCKWORKERS

(Reuter's Pacific Service)

Shanghai, July 14.—The following strike news from Japan by today's mail throws an interesting light on what appears to be the serious labor troubles about which brief reports have been telegraphed recently:

Tokio, July 6.—Labor troubles in Tokio and Osaka continue to crop up. The workers at the Fujinagata shipbuilding yard resumed work after a strike extending over a month, but, owing to the failure to arrive at a satisfactory settlement of terms, the workers are reported to have instituted "go-slow" movement. The Yuaikai, on behalf of the workers, has addressed a warning to the directors of the Fujinagata concern.

The workers belonging to the electrical department of the Kawasaki Shipbuilding Yard at Kobe recently presented demands which were refused by the company. Since then the workers have been consulting Yuaikai officials with the object of presenting fresh demands. It is reported that the workers of the shipbuilding and machinery-making departments of the same company are in sympathy with the movement of the electrical workers, and there is a possibility of their joining the agitation.

A deputation of the workers belonging to the weaving machinery department of the Tokio Gas and Electrical Engineering Company on Tuesday called on Mr. Goro Matsukata, President of the Company, and asked for the payment of allowances in lieu of dismissal. Mr. Matsukata, however, declined to entertain their demand. Thereupon the deputation withdrew and held a meeting at the Tokujoji temple at Omori to discuss the situation. As a result of the meeting it has been arranged that another interview will be held with Mr. Matsukata this evening to talk over the matter.

STRIKERS TAKE OFFICE

Tokio, July 7.—After a sharp tussle with the gate-keepers, some 13,000 workers belonging to the Kawasaki dockyard entered the works this morning and immediately proceeded to take possession of the offices in the factory compound, where they held a series of meetings. The outcome was a decision to continue "taigyo" (go slow) tactics. Most of these men are employed in the electrical, shipbuilding, woodwork and lathe departments. At about 11 o'clock the same morning, a party of some 500 workmen paraded through the factory, singing labor songs and inviting other workmen who had not joined them to do so.

The Mitsubishi Company has dismissed some of the leaders of the workers in that firm and as a protest all the workmen, numbering 800, have gone on strike.

Kobe is faced with other strikes too. The employes of the Dunlop Rubber Factory, numbering 1,900, have presented a petition asking for an increase of wages and a reduction in working hours. About 800 employes of the Osaka-Kobe Tramway Company have done likewise and threaten strikes in case their demands are rejected.

The situation in Kobe is assuming such proportions that all policemen off duty have been summoned to the Hyogo police headquarters, where they are being held in readiness should a riot call come.

The workmen belonging to the Mitsubishi Dockyard, numbering about 800, have been adopting "go slow" tactics for the past week. Yesterday, according to the Yamato, they presented a demand to the officials, through the workmen's executive, asking for an increase in wages and allowances. The officials, it is said, obliged the workers executive to remain inside the office, and when the workers saw that force was being used to bear on their representatives, they grew terribly excited. A very dangerous development was averted only by the presence of a number of policemen.

The employes of the Kawasaki Dockyard have also asked their employers for similar terms and have met with a refusal. It is generally thought that the workmen of the two firms will down tools together.

Chu Yin-kwang Here On Business Trip

Chu Yin-kwang, ex-Civil Governor of Shantung, has announced that his present trip to Shanghai is to inaugurate the Chen Chou Trust Company and has no political significance. Officers of the Trust Company also declared that their new enterprise is purely commercial and their promoters are not associated with political interest.

Over $400,000 Worth Of French Bank Notes Cashed Here Thus Far

The Peking creditors of the Banque Industrielle de Chine have appointed Mr. Li, Chinese Consul-General in Paris, to represent them at the forthcoming meeting of creditors of the bank in Paris. A request will be made to the French Government for the protection of Chinese claims on the bank.

Over $400,000 worth of notes of the bank were cashed by the Chinese Bankers' Association yesterday and Wednesday.

Local exchange shops are now also cashing these notes but charge from five to ten percent discount.

CHANGES IN RULES URGED FOR LAWN BOWLS TOURNEY; WANT LARGER COMMITTEE

Trundlers Should Hold General Meeting To Elect Men Who Will Run Championship Competitions In Future, Says The Shot

BY "THE SHOT"

I HAVE received a rather interesting letter coming from a very prominent lawn bowler. After saying all sorts of nice things about these modest contributions from my pen, he goes on to say that it is about time that an effort was made to reorganise the ruling body as it is at present constituted in Shanghai.

My correspondent's most salient point in favor of this change is that the present system of having two representatives from the committees of each club is too limited a selection.

Without deprecating the efforts of these gentlemen it is often the case, that at times, members of the association have not that wide knowledge of the game which such a position demands, while old and experienced players are prohibited from giving their services simply because they don't happen to be on their club committee.

ASSOCIATION COMMITTEE

The broad idea as put forward by my correspondent is that an annual general meeting of all lawn bowl players should take place at which officers should be elected to form an association committee. By this procedure we should be pretty certain to obtain the best possible material for a ruling body.

Now then you woodsmen, what do you think of it? For my part I am absolutely with my correspondent all the way. One need not go further than this year's championship draw, when in several cases competitors went "biff" into the third round, without playing a match, simply because no one present seemed to know how byes should be worked out.

The present system was a rough and ready way of constituting a parent body (and answered its requirements at the time), but the pastime of lawn bowls has grown to such an extent that it is imperative that the association be brought up to its requisite standard.

NEW RULES NEEDED

Of course the first thing to consider would be an affiliation yearly fee which every trundler, I'm sure, would be willing to pay and which would give the association its financial basis. Consider the possibilities—at present a team of lawn bowlers from New Zealand are touring Great Britain and already one test match has been played.

It seems to me that the time is not far off when we shall see a sufficient number of trundlers going on home leave to arrange a series of test matches with the old country and I'm sure they would vote this event as the happiest part of their stay at home.

An official event could not take place unless our representatives were sponsored by a well organised ruling body.

As a first step in the right direction it would be fine to see a few exponents elected and deputised to frame a set of rules which could be considered at a general meeting of lawn bowlers at an early date next year. I should like all lawn bowlers to consider the foregoing and any suggestion they can offer their Hon. Secretary or President, will, I'm sure, be well received.

We are certainly getting our fair number of surprises in the championships for I now hear that Charlie Richards has put the red ink through Malcolm's name—some game too, 21-19. In the pairs Malcolm got a bit of his own back when with the aid of his old time partner Willie Bissett they put Richards and Archie Taylor out. A strong pair this, and one that is going to take an immensity of beating.

On Saturday two official matches take place, the Juniors visiting their old rivals at Yangtszepoo while the Recs meet the big club.

I understand we shall be shortly losing one of our most classy trundlers in the person of Joe Buckley who leaves for the homeland some time in September. An old crown green exponent, he took to the legitimate game like a duck takes to water, and has proved a sturdy representative for the club.

He will be always remembered as "third" in C. M. Bain's champion four who, I understand, have great hopes of doing the hat trick in the rink championship.

As an interporter he represented Shanghai, and assisted to bring back honor and a flag from Hankow.

Trowbridge To Run For British Against Princeton

Princeton, N. J., June 7.—George Trowbridge, British champion in the 120-yard high hurdles, who graduated from Princeton last year after being a member of the Tiger track team for three seasons, returned to Princeton as one of the Oxford-Cambridge track team; he will compete against his alma mater and Cornell in July. Trowbridge captured the low hurdles in the annual Oxford-Cambridge meet. The ex-Tiger star holds the Yale-Princeton dual meet record for the 220-yard low hurdles in 25 2-5 seconds, and is a former junior national A. A. U. champion. Trowbridge arrived on the Olympic in advance of the rest of the Britishers, who are to compete jointly with Yale and Harvard on July 23 in Boston, and then with Princeton and Cornell. In the latter meet Trowbridge will face Bill Massey, one of his old team mates, in the high hurdles event.

AUSTRALIA AND SCOTLAND MATCH RESULTS IN DRAW

Aussies Again Score Heavily, Making 422 Runs In First

(Reuter's Service)

London, July 13.—The match at Perth between the Australians and a team representing Scotland was resumed today. Scotland started their first innings and were dismissed for 162, Campbell and Ferguson contributing 39 and 37 respectively. Following on, Scotland had made 79 without loss when stumps were drawn, Kerr contributing 60. The match thus resulted in a draw.

Scores:—Australians 422; Scotland 1st innings 162; Scotland 2nd innings 79 for no wicket.

CALIFORNIA STARS TO PLAY TENNIS IN EAST STATES

Westerners To Compete On Atlantic Coast Courts This Summer

At least eight California tennis stars will play in eastern tournaments for the national championships this summer, according to Dr Summer Hardy, San Francisco president of the California Lawn Tennis Association.

Leading the westerners will be William M. Johnston, San Francisco, Davis Cup holder, former national singles champion and at present joint holder of the national doubles title. Clarence Griffin, who with Johnston, holds the doubles title, probably will not go east this year.

One California woman entry in eastern tournaments will be Miss Mary Browne, Los Angeles, national women's champion in 1912, 1913 and 1914. To show her versatility Miss Browne recently won the Southern California women's golf championship. Miss Helen Baker San Francisco, who in 1920 won the California and Pacific Coast singles championships for women also is planning to go east this year.

Willis Davis, San Francisco, 1920 Pacific Coast singles champion, has announced he expects to compete in the east. Davis probably will pair with Johnston in the fight for the national doubles, if Griffin does not enter. The Kinsey brothers Howard and Robert of San Francisco, who rank No. 4 in the national men's doubles list, may make the trip.

Four California college players will compete in the east for the titles in their class. Two of them, J. M. Davies and Phil Neer, representing Stanford University, already are in the east, winning nearly all their matches. The University of California will be represented on the eastern courts by Edmund Levy and Wallace Bates.

HITTING CYCLE ON IN BIG SHOW, SAYS "TY" COBB

But Speaker Says Its The Bum Twirling; Many Other Views

Here are reasons advanced by some of baseball's leaders in explaining the increased long distance hitting in the big leagues:

Tris Speaker, manager of the world champion Cleveland Indians—"Ineffective pitching is the cause. They've barred the emery ball, the spitter and all the old deliveries. The pitchers haven't anything left but a glove and a prayer and they work the prayer overtime."

Ty Cobb, manager of the Detroit Americans — "Baseball moves in cycles. We had the cycle of great base running, the cycle of great pitching and now we have the cycle of heavy hitting. It won't last long."

Johnny Evers, manager of the Chicago Cubs—"It's the lively ball. The ball is so fast the players can't handle it and the force that used to be used in bunting now puts the ball out of the infield. The fast ball is crippling infielders and spoiling the game."

John Heydler, president of the National league.—"Babe Ruth caused it. Babe made every one think it was easy to hit homers and now the batters swing their hardest. Everyone takes a full swing at the ball; result, more long hits than ever."

Kid Gleason, manager of the Chicago White Sox—"It's partly the fast ball and partly the fact that the weather has been so bad in the central west that the western club's pitchers are not in condition. Most of the heavy hitting has been in the east by eastern clubs against western clubs' pitchers."

Frank Navin, president, Detroit American League club—"It's not the lively ball, for there is no such thing. The balls are all the same. The hitting is caused by the rules prohibiting a pitcher from doctoring the ball a little. He'd rub dirt on it to roughen it up a little, spit on it and do lots of other things to enable him to get a better grip. These things are barred now, and the pitchers are ineffective as a result."

University Of Nanking Graduates 19 Directors Of Physical Education

Chinese Will Go To All Parts Of Country To Direct Play Activities; Department Is But Five Years Old

Among the hundred and nine students graduating from the Teachers College at Nanking this year, there was one group that was especially noticeable, on account of their general alertness, and also for their splendid physical fitness. This was the group of 19 men graduating from the Department of Physical Education.

This department of the college has been organised five years. It was established to fill the evident need of well trained teachers along this important line of education, to train properly the ideals of Chinese students in sportsmanship, and to supervise the physical education in the schools.

It had long been felt that there was need for such an institution in China, where men could get a thorough and well balanced course along these lines. Formerly the supply of physical education teachers was limited to such as returned from foreign study, of which there were only a limited number; or to college athletes, who, however skilful they might be along their particular line of sport, are not necessarily good teachers, nor do they always possess the proper educational knowledge or ethical attitude along these lines.

With the object in view of making as thorough a course as possible, a curriculum of study was arranged that should include as many as possible of the lines of study entering into the work of a Physical Director.

STARTED BY McCLOY

The first leader of the department was C. H. McCloy, until recently a member of the National Committee, Y. M. C. A., and well known in Chinese Physical Education circles. Under his leadership, the department was organised, the course of study made out, and the first class entered upon their work.

When Mr. McCloy was compelled, on account of other duties, to leave this work and go to Shanghai, he was followed as Director of the department by Mr. C. D. Glauque, another man equally well known around Shanghai as a physical educator, who is now at the Tsingtao Academy. Mr. Glauque remained till called as physical director of the Shanghai public schools, when the present director, Mr. B. H. Robbins, came to the college, after working in American public schools and among the soldiers during the war.

The present faculty numbers thirteen. All of them are specialists in their lines of work, and come to it after thorough preparation either here or abroad.

Mr. S. E. Lu has just returned from two years spent at Oberlin and other colleges, where he made special study of Physical Education. Mr. Chang Ling-fu, for three years associated with this department as athletic coach, is now starting abroad for two years study along physical education lines at the International Y. M. C. A. College, at Springfield, Mass., after which he will return to his work at Nanking. Mr. McCloy, the first director of the department, is about to rejoin it, to take charge of graduate work and extension work.

He will also do considerable research work for the school. Several other faculty members are former graduates of the department, while the others have come to this work after special study in other institutions, or after a long and successful experience in teaching their special lines.

FIRST CLASS OF THIRTY

The first class numbered over thirty men, who are now scattered all over China, leading in their profession. Among them are playground directors, Provincial Inspectors of physical education, and teachers in many leading Middle and Normal Schools throughout the country.

Among the nineteen graduates for this year, four go to prominent universities, as assistant physical directors, two go to the Y.M.C.A., one goes to the Philippines, one to Singapore, and the rest are to fill positions in prominent Normal and Middle schools from Shantung to Kwangsi, and from the coast to far in

POLICE BLUES DEFEAT WHITES AT WATER POLO

Good Game At Municipal Bath Ends In 4-2 Score

Police natators flopped actively into the tank at the Municipal baths last night under the insignia of the Blue and White polo sections and engaged in a spirited and well contested game which wound up with the score standing 4 to 2 in favor of the Blues.

The match was indicative of increasing interest in water sports among the force and the showing made gives rise to hopes for a strong aggregation to compete in the international contests.

The teams playing last night were:

Blues—Kent, Eva, Tinkler, Douglas, Ling, Cameron and Jefferson.

Whites—MacGregor, Watson, Stubbings, Wood, Hodges, Ryle and Young.

Goals: for the Blues—Eva, Tinkler, Douglas, Ling; for the Whites—Watson, Stubbings.

Sergeant Major Leighton refereed and Sergeants McKay and R. Sullivan acted as linesmen.

TWO SHANGHAI TEAMS WILL PLAY THE WEEK-END GAMES; TALENT IS EVENLY DIVIDED

Quiros-Shanghai Game Fails To Come Off; Navy Team Did Not Show; Japanese Games In Prospect For Saturday And Sunday, July 23-24

Saturday and Sunday will find two Shanghai teams playing baseball. The players have been divided up as near evenly as possible, and the two teams will play the week-end dates. The lineup for either nine is strong enough to represent the club; the games should furnish good baseball.

The divison of the players was arranged yesterday evening by Manager Ross and Capt. Wilhoit, after the team from the gunboat Quiros had failed to fill their date. The Quiros sails today for up-river ports, and Shanghai was left with no alternative for week-end baseball than to divide the club's players into two evenly balanced teams.

The teams selected must not be classed as "first" and "second" teams, nor as Regulars and Bolsheviki. They might be designated as Red Sox and Blue Sox for the mere sake of giving them names. But a glance at the list will show that either lineup contains a fair half of Shanghai's baseball strength.

One nine will retain the regular infield; the other will have the regular outfield, while the battery strength is evenly divided to the two teams. The Red Sox with the regular outfield has Dennison and Merrill as pitchers and Griffith as back stop. The infield will be a tight one with Stovall, Roeser and Hendrickson on the bases and Wolfe at short. The Blues with the regular infield has Terry and Arlt pitching, Hoag behind the bat, and a good outfield. The division of the talent, any baseball fan must admit, has been cleverly done. The games the two teams play will not be won by walkovers.

The lineup follows:

Blue Sox—Wilhoit 1b, Crow 2b, Bills ss, Maloney 3b, Hoag c, Terry p, Arlt p, Hewitt rf, Nelson cf, Sperry lf.

Red Sox—Stovall 1b, Roeser 2b, Wolfe ss, Hendrickson 3b, Griffith c, Dennison p, Merrill p, Pruitt rf, Smith cf, Merrill lf.

Terry will pitch for the Blues Saturday and Arlt will hurl Sunday. For the Red Sox Dennison is slated to work Saturday, and Merrill on Sunday. The games start each day at 3:30 p.m.

All players are requested by the management to show at the grounds this evening for a final practice before Saturday's and Sunday's games. Fifteen men went through a fast drill yesterday evening, when for some unknown reason the Quiros men failed to show for their scheduled game.

Manager Ross expects to have a picked Japanese team booked up for next Saturday and Sunday, July 23 and 24. The plan to get the Japanese for this week failed because the Japanese managers wish a little more time to get a selected team together for a little workout. It is almost certain that these games will be staged next week.

the interior. The salaries paid are above the scale usually paid to those recently graduating, because of the number of positions opening, the small number of trained men available, and the special nature of the work.

FOUR YEAR COURSE

The course of study is for four years. The special work of the department covers thorough courses in biology, histology, hygiene, anatomy, physiology, physiology of exercise, anthropometry, massage and medical gymnastics.

Special study is made of physical department methods and teaching, construction and equipment of gymnasiums, playground construction and administration, with special studies of the various types of play as suited to the different ages of childhood physical diagnosis and prescription of exercise, and physical department administration.

Boy scouting and first aid come in for marked attention, and the department has a full set of lantern slides illustrating the history and growth of physical education since its beginning. Men who have made a success in practical work along these lines are brought in from time to time to lecture to the students, and so to give them practical contact with outside problems of their profession.

For general study of subjects in English, Chinese, Education, Mathematics, etc., which are all required for graduation, the department students have the privilege of attending the special department in those subjects, in which the Teachers College is unusually well equipped.

The scope of this work will be enlarged with the work of the recently organised Southeastern University, with its greater number of specialists in these subjects.

ALL-ROUND COURSE

Throughout the course, ten hours a week are given over to practice of physical activities. The work is carefully graded, seeking at first to educate the body to do the hard work of a physical director, and to give the necessary muscular control and co-ordination.

Calisthenics and gymnastics are carefully taught, both to develop the student, and to enable him to have a working knowledge of these subjects.

Play and mass games are emphasised, and the teaching of those activities that will employ large groups of men in healthful activity. The specialised games, as football, basketball, baseball and track athletics, are carefully taught, with the object of acquainting the student with their rules and methods of teaching, rather than of making a specialised performer.

The aim is to thoroughly acquaint the students with the subject, and to develop teaching ability along these lines, as well as to give him an all-round knowledge of the work of his profession.

During the latter part of the course, the students are required to do practice work in teaching. The College and University offer an unusually good field for this practice, with their interclass and interdepartment contests.

An opportunity is also given to teach in the various middle schools, and the graduate is already a trained teacher.

ENTRANCE CONDITIONS

The method of entrance is by competitive examination at the time of the regular Teachers College examination during the fourth week of August.

Prospective students must pass examinations in Chinese, English, science, and mathematics, of the standard required for graduation from a first class middle school.

In addition to examinations in scholarship, they must pass a rigid medical and physical test, and satisfy the faculty that they have the right moral and ethical attitude for teachers in these respects, to fit them for leaders in such a profession. If at any time during the course, the student fails in his work, or shows that he is lacking in the ideals that should belong to such a leader or the moral and physical training of the young, he is asked to discontinue his work, and to seek some other profession. As a result, the department has a body of students of unusually high morale, men who are leaders in many of the social, as well as the physical activities of the College.

In addition to the men of this department in the Teachers College, men who are taking regular work for degrees in the Southeastern University may major in Physical Education.

The department has room, also, for a limited number of special students of advanced standing, who wish to follow special study along these lines. These men must also pass the medical and physical examinations, and have shown special attitude along these lines.

PLAN NEW GYM.

The Teachers College is a member of the East China Intercollegiate Athletic Association, and though only recently added to the membership, has already established an honorable record on account of the spirit of its athletes.

Two members of the department were on the China track team in the Far Eastern Games. Students with ability in athletic lines will have plenty of opportunity for participation in their various sports in the interclass and intercollegiate games, and work of this kind is encouraged, as part of the normal work of the students.

The department is well equipped with playing fields and apparatus. A new gymnasium is under construction that will be one of the best in the country, well adapted to Chinese conditions, and with space enough to take care of the many physical activities of the College and University. In it will be a large gymnasium, two smaller ones, locker rooms and shower baths, athletic club rooms, and rooms for visiting teams. The athletic field has one of the best quarter mile tracks in the country. There are seven tennis courts, a baseball diamond, and several football fields.

Chinese boxing is a part of the work, and on the faculty are two of the best specialists in the country in this traditional Chinese sport.

Plans are under consideration to enlarge the work of the department. Arrangements are being made to hold physical education institutes in the different provinces, to which teachers can come for fresh study along special lines. More and more, it is planned to make the resources in research and study accessible to those teachers of physical education who wish to avail themselves of an opportunity to get the best and latest in their profession.

The department offers a fine opportunity for young men who have ability for leadership along these lines. The need of skilful leaders of physical education is felt through all the country, and the demand is much greater than the supply. This demand will increase as educational leaders realise more the important place the physical director and play leader holds in education, and how great a share he will have in the formation of character and ideals of the future citizens of the country.

The Greatest Disinfectant in the World

—and the SAFEST

Milton is more than 70 times stronger than the ordinary (5%) solution of carbolic acid one used to buy, and yet it does not blister or burn. It instantly destroys every germ, and yet it is non-poisonous. It kills smells more effectively than any other disinfectant, yet has practically no smell of its own. It does everything that any other disinfectant can do, and does it better. It does more than other disinfectants can do because it is safe. It costs less than any other disinfectant because in every bottle you get more for your money.

With every bottle you get a booklet which tells you how to use Milton for scores of domestic and personal purposes where you could not possibly use any other disinfectant which had one-tenth the power of Milton.

Air Mail Proves Too Popular; Will Be Given Respite

(China Press Correspondence)

Peking, July 11.—Aerial mail service between Peking and Tsinanfu is to be temporarily suspended primarily because of its popularity. The three times a week service has been unable to care for all the letters mailed and the service will accordingly be suspended until July 17.

ASK AS TO WONG

(China Press Correspondence)

Peking, July 11.—The Chinese Government today notified the Belgian Government of its desire to send Mr. Wong King-chi as minister to Belgium, asking if Mr. Wong will be acceptable. As soon as the reply is received Mr. Wong will be confirmed in his new post as there is no doubt in Peking that he will be acceptable.

Mr. Sheng Jei-lin, vice Minister of Foreign Affairs who has been ill and away from the office for several weeks has recovered and is returning to his work.

Soochow	„	10.28 „	Henli	„	19.13 „
Wusih	„	11.23 „	Shanghai North	arr.	20.10 „

Return Fares Including Famine Relief Tax.

	I class	II class	III class
Shanghai-Henli	$3.40	$1.80	$0.90
Shanghai-Kunshan	3.40	1.80	0.90
Shanghai-Soochow	5.40	2.90	1.60
Shanghai-Wusih	7.40	4.10	2.10

Breakfast is served on the outward journey, tiffin can be ordered on the car in the Railway siding at Henli, and dinner is obtainable on the train during the return trip. Breakfast 75 cents, tiffin $1.50 and dinner $1.50 each.

This excursion affords an excellent opportunity of getting away from town for a day into the beautiful country-side during the best period of the year.

The 10 hours at Henli give ample time for rowing, swimming, or houseboat enjoyment.

At Kunshan the 9½ hours can be enjoyably spent in visiting the Gardens and Pagodas. The latter stand on the summit of Kunshan Hill, inside the city walls and can be reached in half an hour by rickshaws or by walking through the city from Kunshan station.

Soochow is noted for the well kept Private Gardens and also Tiger Hill with its Pagoda on the top, and 8 hours between the arrival and departure of the Sunday Special can be well spent in seeing these places. The city temple and silk shops inside the city are also well worth a visit. There are several Hotels at Soochow, at which foreign food is served.

Wusih city is a great silk center, and the 6 hours before the train is due to return can be filled by taking a trip to Wei Hill, two miles from Wusih Station, which can be easily reached by rickshaw, sedan chair or boat in the course of an hour. Those who climb to the top of the Hill will be rewarded with a magnificent view of Wusih city, and the Great Ta Hu Lake.

Time-tables and copies of illustrated pamphlets giving full information in regard to the above, and other points of interest can be obtained on application at the Enquiry Office Shanghai North. Seats on the train can be reserved by telephoning North 3199.

Conseil D'Administration Municipale De La Concession Francaise de Changhai

MUNICIPAL LOAN OF 1921

(20,000 debentures of Tls. 100 each).

Rate of interest 8% per annum

The "Conseil d'Administration Municipale de la Concession Francaise de Changhai" hereby invite subscriptions for 20,000 debentures of Tls. 100 each, according to the resolution passed at their General Meeting on May 30, 1921.

The conditions on which the Debenture Certificates will be issued are:—

1°—The Debenture Certificates are transferable, and the person whose name is entered in the Register of Debenture Certificate or Certificates, shall alone be recognised and treated by the Council as the lawful and rightful holder and owner of such Debenture Certificate or Certificates.

2°—The loan will be redeemable at par (Tls. 100) in not less than 10 years and not more than 30 years, from 1st July, 1931 and according to the figures determinated by the Council.

3°—The loan will bear interest at 8% per annum, payable on the 30th day of June and 31st of December in each year, when interest warrants will be issued to the registered owners.

4°—The property and income of the Municipality, deducting those which serve as security provided in the Municipal Loans of 1903, 1911, 1914 and 1916 are the security for the repayment of the money advanced and for the interest thereon in the present loan.

The Members of the French Municipal Council are not personally liable in any way for the payment of either principal or interests.

5°—Applications for debentures will be received at the Secretary's Office, Rue du Consulat.

A cheque representing the amount of debentures asked for must be deposited at the same time.

6°—Applications for Debentures under par will not be recognised by the Council.

7°—For further informations, apply to Mr. P. LEGENDRE, Secretary, French Municipal Council.

Shanghai, 1st July, 1921.
P. LEGENDRE,
39234 Secretary.

Important Notice

We have perused an article in the Peking and Tientsin newspapers about the sale of the undermentioned Company to the foreigners by Mr. Chang Kien Hoa (張劍臺), which has much surprised us. As this Company is part of the public estate of the "Chang Tzu" (張氏), no person or persons (Chang Tzu) can sell it individually and privately even the public (foreign and Chinese) cannot purchase without legal action. The business of this Company has been growing steadily, its trustworthiness and good financial standings are well known to the public, therefore, no necessity exists to sell to others or to issue any share script. If any mortgage is made through Mr. Chang with others it is to be considered as his personal affair, and this Company will not be responsible for same.

ABC

OUR correspondent and stockholding bank in San Francisco has a history which goes back to the pioneer days of California. It is the successor of two old English banks, the Anglo-California and the London, Paris and American Bank, both pioneers in the exchange banking field. The Anglo and London Paris National Bank, successor to the two older banks, took a leading position on the West Coast and now enjoys the distinction of being the largest national bank in point of deposits in any city west of Chicago and St. Louis.

This is one of the great American banks which are stockholders in the Asia Banking Corporation.

Hongkong Share Market

Messrs. Moxon and Taylor write as follows in their weekly share report dated Hongkong, July 8:

Our market has been on the quiet side during the past week, with a fair business done for cash but very little forward.

Shanghai market has eased off slightly, and Shanghai Docks after being very strong took an "imperial toss" falling sixteen points.

Rubber remains neglected.

The following are the chief alterations since last week:

Hongkong Banks:—Declined somewhat owing to the rise in exchange, and close with buyers at $720. New shares $35 paid have been done at $405 and close with buyers at that price.

Cantons:—Are wanted at $405.

Unions:—Are quiet with sellers at $240.

Hongkong Fires:—Have firmed up to a buying rate of $320.

Hongkong Docks:—Declined to $209, at which price some shares changed hands.

Deferred Indos:—Are steady at $275 London Register, ex dividend, and $270 Hongkong Register, with practically no shares offering.

China Sugars:—Close with sellers at $197.

Cements:—Have been more or less neglected, and close nominal at $16.70.

Hongkong Lands:—Have had a smart decline, and close with buyers at $201.

Shanghai Docks:—After rising to Tls. 159 and falling to Tls. 142½ close with buyers at Tls. 143.

Hongkong Electrics:—Have been the medium of considerable business at $23½, with buyers over.

Humphreys:—After changing hands to a considerable extent at $11 close nominal.

Shell Transports:—Have come to business at 111/– ex dividend.

Exchange Market

Messrs. Maitland, Fearon and Brand write as follows in their exchange circular for week ending July 13:

Exchange:—After touching 37⅛d. the London price of silver has receded to 37d. which is only ⅛d. higher than last week's closing quotation. Our rate for T.T. on London advanced to 3/8d. but following the advices of London silver dropped to 3/7d., last week's closing rate. The local Exchange Market has been dominated by a demand for silver locally to tide over the end of this month, when arrivals from the London and American markets will bring an easier money market. The local demand for silver among the Banks has little to do with improved export trade which is still in a stagnant condition, but appears to be the result of a little want of confidence in Banking circles, which prompts the holding up of the silver available locally. Under such circumstances the premium offering for cash, to the extent of 1d. to 1⅛d. over official rates is not excessive and leads us to conclude that a more free circulation of the silver available would assist the merchants undertakings and bring the easier market in exchange which silver advices point to. Our Exchange market closes steady to firm for July/August and weak forward.

Our stocks of Silver are reported as follows:

Sycee and Bar Silver Tls. 30,085,000, a decrease of Tls. 2,775,000.

Chinese and Mexican Dollars $25,630,000, a decrease of $2,170,000.

Estimated value in Taels Tls. 48,538,000, as against Tls. 52,517,000 held at this time last year.

Freight Market

Messrs. Wheelock and Company write as follows in their freight market report of yesterday:

The situation in our Outward Freight markets is as follows:

TO UNITED KINGDOM AND CONTINENT

After a temporary lull the demand for space is again satisfactory considering the state of trade generally. Steamers loading at Hankow direct—there have been two there already this season with several more to follow—are obtaining good support.

TO UNITED STATES VIA PACIFIC AND VIA PANAMA AND SUEZ

The scarcity of cargo on these berths continues but the Trans-Pacific Lines have issued a new tariff (No. 18) which came into effect on July 1. It contains besides reductions in the rates of various commodities, a new departure in that the ocean steamer will in future absorb the local freight from Tientsin, Chefoo, Newchwang and Tsingtao to Shanghai; this should mean a much larger volume of cargo passing through Shanghai in the future.

COASTWISE

The demand for tonnage is slightly easier since last writing but indications point to a renewal of activity in the near future.

The Disarmament Conference And China

THE call for disarmament issued by President Harding gives the thinking Chinese a ray of hope equalled only perhaps by John Hay's Open Door declaration.

A nation bled white by the traitorous acts and tortuous intrigues of her militant chiefs, a nation which, but for certain exigencies would be helpless in the hands of a Prussianised neighbor, China sees that the Great Illusion of universal peace is at last crystallising into something tangible, something you can put your hand on and feel. She sees that the proposed parley in Washington may bring about such results as to render the further continuation of the Anglo-Japanese Alliance unnecessary. She sees that China's status as an independent nation may no longer be impaired by a treaty to which she herself is not a signatory power.

If the Powers to be represented in Washington agree on the principle which prompted President Harding to issue the call, the United States and Japan may not see the necessity of struggling for naval supremacy in the Pacific and Great Britain need not tangle herself up with Japan in an alliance, which is daily slamming shut the open door in China and there will be no need to recognise Japan's "paramount interest," "geographical propinquity" or "regional understanding."

The attitude of Great Britain towards the proposed conference is especially significant to China. Premier Lloyd George's statement that the empire's policy was "aimed at preserving the Open Door in China and giving the Chinese people every opportunity for peaceful progress and development" is received here with satisfaction.

China's participation in the conference seems to be certain in view of President Harding's stand. It is imperative, however, for China to plan ahead what she can and may do at the conference. The logical questions in this connection will be:

What kind of a delegation will represent China at the conference?

Will she be accorded the same kind of treatment as she received at Versailles?

How can she move to protect her vital interests?

Will China be able to carry out the decisions of the conference on disarmament? How can she disarm when she is not united?

With all the internal chaos, the Tuchuns' grip on the very throats of the people and the effective propaganda work of Japan, China may yet meet with the same fate as she encountered at Versailles. The great weapon to be used against her will be the same question, which Japan successfully put to every European diplomat at the peace table, namely, "How can we assist a nation which is not helping herself?"

A united front at the coming conference China must have!

Let the militarists in China forget their personal gains for once!

Let us suggest that they, too, hold a preliminary conference on one subject—disarmament within China's own borders. Let them reduce the present army of 1,600,000 to about 160,000. Let them utilise their troops for road construction, reclamation, colonisation, afforestation or any other productive enterprise.

This done, the delegation which will represent China at Washington will be in a strong position and its claims will command the consideration and respect of the powers.

Otherwise, the hope at present so fondly entertained by her people will again end as bubbles and rainbows do.

Correspondence

THE BISHOP AND THE BABY

Editor, The China Press

Sir.—The incident of a few days ago, in which Bishop Innocent of the Russian Ecclesiastical Mission refused Christian burial to the child of a gentleman attached to the Mission of the Far Eastern Republic, raises the whole question of the status of the Ecclesiastical Mission. In order to understand the matter it is necessary to glance for a moment at the history of the Mission.

In 1685 Russian prisoners from Albasin, numbering about a hundred, were brought to Peking. From these prisoners and their descendants a community was formed which in 1720 was formally organised as an ecclesiastical mission, and by the treaty between Russia and China signed by Sava Vladislavich in 1727, the Mission was formally reorganised and four priests of the Orthodox Church were allowed to minister to the needs of the Mission, the Russian Government appointing six students to devote their time to the Chinese language.

As these students became proficient they were recalled and distributed for political purposes along the Sino-Russian frontier and their places were taken by other students. The work of the Mission was less evangelistic than political and scientific. Some 150 priests worked in the Mission until 1850, yet the members of the Church numbered only 200, including the descendants of those prisoners who had come in 1685.

After the Russian Treaty of Tientsin in 1858, the status of the Mission was changed, its political or semi-diplomatic activities no longer being essential to the Russian Government which had secured, along with other Powers, the right of diplomatic representation in Peking. All the original property of the Mission, however, was obtained through and in the name of the Russian Government, of which the church organisation in Russia was but one department. This remained the case until the Russian Revolution, and it is obvious that the Mission as a separate and independent body is enjoying what is in actual fact the property of the Russian state; andeas all the additions to the original property set apart for the Mission have been acquired with that original property as working capital, it would seem that practically all the property and revenues, apart from the contributions of the faithful, which as a matter of fact are negligible, are actually the property of the Russian state.

Keeping these facts in mind, there are several matters that require explanation. In the first place, when the Chinese Government declined further to recognise the Russian Minister, Prince Kudacheff, his suite and the whole Russian Legation organisation, and shortly afterwards suspended extraterritorial rights in China, it ought also to have suspended the operations of the Ecclesiastical Mission, for its proselytising activities are exercised under extraterritorial agreement. Perhaps such restraint was not exercised because it was thought that the Mission would confine its activities, as it has more or less since the establishment of a Russian Legation in Peking, to evangelical and philanthropic work.

The Chinese Government has, however, done nothing of the sort. No sooner had the Russian Legation ceased to be recognised than the Ecclesiastical Mission became the focus of every reactionary activity, and the revenues of the Mission have been placed at the disposal of the agents of Semenoff, Ungern and all the reactionary crew plotting against the established Governments in Moscow and Chita. Not only so, but the properties of the Mission have been sold to various persons in order to raise funds for the same groups of reactionaries. Thus, the excellent printing establishment attached to the Mission has been sold. The cemetery at Port-Arthur, wherein many brave and loyal Russians sleep their last sleep, has been sold to the Japanese authorities, and barracks for Japanese troops are being built over the unprotesting bones of the dead. And there have been other instances of the same sort of thing.

At the present moment the Russian Ecclesiastic Mission is harboring quite a number of ex-Kappelist and ex-Semenoffist and ex-Kolchakian officers, who are employed, amongst other things, in collecting the accounts of the Russian Dairy, one of the Mission's industrial institutions.

The Chinese Government, when it decided to suspend the extra-territorial privileges of the Russian residents in China, *ipso facto*, took upon itself the conserving of Russian interests in China. It cannot be said that the sale of Russian semi-public properties, the conversion of a religious institution into the general rendezvous of men who are known to be plotting against the peace of the Moscow and the Chita Governments, and such activities as we have mentioned above, tend to conserve Russian interests in this country; and the sooner the Chinese authorities act in the matter the better.

CHINESE ON THE BUND FORESHORE

Editor, The China Press

Sir.—This morning when I was taking a walk on the outside road of the Bund, just along the river, a policeman came to stop me and said that no Chinese are allowed to walk on that portion of the road between the Garden and Kiukiang Road. I wonder whether this is an article in the police regulations of the Municipal Council, and if so, on what grounds do they have such rules, and, moreever, why they do not post a notice at the entrances. The Public Garden has been a hindrance to the better understanding between foreigners and natives here, and has left a bad impression upon every educated Chinese, and I cannot see why that public road is under the same restriction as the Garden to increase the hostility of the Chinese. Every democratic citizen should sympathise with them, and regret such despotic government.

The question of widening the Bund has been disputed for some time, and if the widening is only for the foreign community as in the case now told, what is the good for the public and for the traffic? Thanking you for the insertion of this letter, Yours truly,

Jameson Y. Chang.

Shanghai, July 13, 1921.

MISS RABENOW'S CASE

Editor, The China Press

Sir: In your paper of July 12, there is a somewhat incorrect account of the defamation suit brought by Miss Rabenow in the American Court against Mrs. Grimes and Dr. Woods.

Firstly: Miss Rabenow has not been in Peitaiho seeking a position in the North China American School but was conducting a class for children in French and gymnastics.

Secondly: She never wrote an application for the position, but was offered a position by the principal of the above mentioned school.

Thirdly: Miss Rabenow would not have objected of being classed as a "Russian refugee," but she did object to being classed as a "political refugee." With thanks for inserting the above.

I am, etc.,
"Interested."

Where the Sun forever shines,
Where flowers bloom and everything is fair;
The broad fields were his bounty
And the streamlets were his wines
His life was full of toil yet free from care.

THEY

So hand in hand they entered
In the Garden of the pure,
To live, and day by day their luck to bless;
To pray that each might cherish
The love that doth endure.
And lead them on to perfect happiness.

* * *

But all too soon they quarrelled
As these lovers always do,
And each the other's faults would not condone,
So folks I think its safest
If your life you would not rue,
To get thee to the woods and live alone.

First Impressions Of Siberia

BY DR. A. E. ZUCKER

Chita, June 28.—The very first impression is a long stop about ten miles across the border for the registration of passports. For some reason or other this is not done while the train is in motion, but a long queue is formed in front of a little shack in which the work is done via one window. It finally becomes night over this two hours' procedure and a group of soldiers stationed here begin a meeting. There is some singing and various turns by a band among them chiefly the Internationale, but the piece de resistance is a glowing speech from a box car by a tavarish (comrade) who violently attacks Japan and discusses the possibilities of a war in which America and England will figure also.

The next morning we awake just in time to watch the train across the new bridge at Olovyania, a very creditable work of engineering, which replaces the tall steel bridge which Semenoff blew up on his retreat. Only one space of the steel bridge is still standing looming up high above the temporary wooden structure on which we cross. At the station food is aplenty. I ate here the most luxurious breakfast I've had for years—grape nuts with real thick, sweet cream at one rouble for a water tumbler full. As the train passes on there is on all sides the luxurious green of Siberian landscape with plenty of cows, horses, and round white hogs dotting the pastures. Two peasant women who walk to their fields barefoot each with a clumsy scythe on her shoulder recall Mellet's pictures and one gets the impression that agriculture is here at about the same primitive stage at which the great French impressionist has eternalised it. They are peasants here in Siberia, not farmers, a word that connotes drills, reapers, and threshing machines.

To one who had spent four years in China the fresh, primeval woods and the cool and clear rivers are wonderfully refreshing. I sit with several tavarishi on the front of the locomotive while the train puffs through a hilly landscape that sings with its delicious freshness. At every station children offer for sale bouquets of wild flowers, while their sturdy cow-like mothers vend butter, cheese, bread, and eggs. Our train I said puffs. It is rather dilapidated, but thanks to the energy of Shatoff it runs, and once it gets on the beautiful double-tracked bed of the regular Trans-Siberian it moves along in very good time and brings us to Chita after a run of twenty-four hours out of Manchuria Station. All along the line there are miles of rusty skeletons of box cars which, filled with the loot of Chita had been burned by Semenoff in his retreat.

In Chita, one is not in Asia, one is in Europe. At the hotel door sit a grizzled Russian portier and his wife, and the service in the rooms is by Russian maids. I stop at the Central Hotel which is very dilapidated in every respect just as are the other hotels and private houses of this city that has had seven years of war and which has itself been a battle field many times in the last years and has been looted by both the Czecks and Semenoff. Food, contrary to reports in Peking and even Harbin, is found in great abundance and a dinner of about the same quality costs less than it does at the Grand Hotel de Peking—taking into consideration exchange. And in the shops on the streets you can buy everything—even articles of luxury such as wigs and saxophones. You can get everything for money—and the money in use is the gold rouble worth about a yen or a dollar Mexican and which one exchanges here for silver roubles at about three silver to one gold. Only coins are in use, no paper. But if you express a wish for some paper roubles as souvenirs your waiter will gladly present you with some ten to fifteen thousand of them.

In the evening one strolls to one of the two parks where bands are playing and a gay crowd moves about under the trees. There are also theaters with vaudeville performances and moving pictures. In the large dining room of the Municipal Garden an orchestra makes conversation difficult and harmless drinks and ice cream are brought by waitresses to guests at tables in the open. No tips are given, but ten percent is added to the bill for service. There are no

Cabot.
King Henry the seaventh gave a Commission to John Cabot & his three sonnes who "setting sayle from the port of Bristol ranged a great part of this unknowne world in the yeare 1497." By them the mainland of North America was discovered: one year before Columbus saw the Continent. Thus from those early days till now the famous port of Bristol has been associated with the sailings of merchants and adventurers. Thence John and Sebastian Cabot and many Merchant Venturers sailed and thither Washington sent his Virginian Tobacco in the year 1759. Famous too through the House of Wills who there for many years have made the "Three Castles" Cigarettes - thence they are shipped to the satisfaction of discriminating smokers all the world over.

First Impressions Of Siberia

(Continued from Page 10)

drunks and there is no soliciting, both of which were very frequent in Siberian cities before the war, I am told by an American who is very much struck by this change. Other theaters in the city offer "legitimate" plays and opera, a friend tells me of a performance of "Madame Butterfly" which he pronounced delightful. It is all the European atmosphere where music and theater are ingrained necessities.

I met many Americans in the Park. There is Mr. Crane with his party, his son, Dr. Hornbeck, Mr. Brodie, and an interpreter. Mr. Palmer, a Britisher, is also in the party. Furthermore Mr. Wood, a typical Chicago correspondent with his head shaved smooth and round, and Mr. Norton of the Japan Advertiser with Mrs. Norton, the only American lady to brave the hardships which do not exist. There is also the American Mission from the Tokio Embassy, Dr. Abbott and Colonel Davis. From the latter I learn that there is still another American in jail. Of other foreigners in China I hear only of the Japanese Mission, not to mention, of course, the many Central Europeans, former prisoners of war.

The streets of this city of forty thousand seem like the streets of a village. Very few automobiles are seen, and droshkis are much fewer than in Harbin. There are not even crowds, people move about sparsely and leisurely. The police is almost invisible, but occasionally in the morning a company of troops, anything but neatly dressed, moves along the street singing lustily and very well. Peasants are moving past to the market mostly carrying on their backs whatever they have to sell. Buriats and gypsies in brilliant reds and yellows enliven the scene, and everywhere are the Chinese merchants in whose hands is most of the retail business.

A visit to the market is a heart-rending scene. There is plenty of food at reasonable prices, but how little money there is can be seen from the many old men, women, and children who are offering for sale whatever they have prized most, their rings, their silver ware, their pictures, and one old grandmother stood there in bitter silence holding out to buyers an elaborate family bible. To watch Chinese haggle with a mother who holds a baby in her arms over the price of her silver spoons is the sharpest contrast possible to the gayness of the park.

I asked a laborer's wife what she and her family had received in the last months. Her husband, a worker employed in the railway station, had received for his family of six for the month of April: 72 pounds of flour, 12 pounds of meat, 2½ pounds of soap, and 2 pounds of salt. The rations for May and June had not yet been paid. They had sold all they possessed to buy food. Her little boy was dressed in a pitiful pair of trousers carved out of a uniform. They live under a government that has no money, war and looting have carried it all away, and Semenoff and Madame Semenoff live in luxury in Japan. From all reports it seems the various ministers are working day and night, they are trying to found a nation on a basis that is not communistic but which has taken over very much of the American Constitution.

They are, however, not enjoying splendid isolation such as America had during the Napoleonic Wars which gave her time there to work out the experiment which seemed a wild scheme to the Europeans, but they are beset by various enemies and have their one port in the hands of the Japanese who prevent them from shipping wheat, the one commodity they might sell. The government is giving the people promises which it later cannot keep, but on the other hand, the people seem to make allowances for the government and to work for it even though they are not paid, or paid in part only. Much that is going on seems amateurish, but one sees enormous progress in some respects, the railway especially.

Thus there are many sides to everything here and many different stories on all hands. I shall now, after having given my first superficial impressions, take up various phases in detail and try to investigate them at leisure.

Preventing Diphtheria

BY BRICE BELDEN, M.D.

Diphtheria is one of the more serious of the diseases, but it is curable and preventable. About one case out of every eighth is fatal, and it is important that children, especially those between the ages of two and ten years, should be given the Schick test to determine whether they can or cannot catch the disease. If the test shows that the child is not immune to this particular disease, a serum called toxin-anti-toxin may be injected to make him immune.

All children over the age of one year should have the Schick test made. After the age of ten the liability to diphtheria decreases gradually. In cases where the toxin-anti-toxin has been administered immunity has been estimated to last for years and possibly for life.

Toxin-anti-toxin is a special preparation used only to effect immunisation, while anti-toxin is used only in the treatment of an actual case of diphtheria. Over one-half of the cases of diphtheria were formerly fatal and it is believed that the present rate of fatality (one out of every eight) can be reduced by early use of anti-toxin, protection being practically certain if it is administered during the first twenty-four hours of the disease. Hence the importance of knowing the symptoms and calling in the doctor at their first appearance.

To recognise the symptoms of this disease it is necessary to know that a sore throat with white deposits on or near the tonsils is enough justification for immediately calling the doctor. The symptoms coming later are fever and depression.

Hankow Market

The British Chamber of Commerce of Hankow write as follows in their weekly circular dated Hankow, July 6:

FINANCE AND MONEY MARKET

Silver has been a firm market both in London and America. The London quotations on 6th inst. of 36⅞d. ready and 36½d. forward show nett advances of 1¾d. and 1½d. ready and forward respectively during the week. China is reported a buyer. Following Silver the exchange market has ruled firm and official quotations have advanced to T.T. 3/8½d. and 4 m/s. L-C. 3/11½d. Some bills have been on offer from day to day but the advance in rates is reported to have put a check on export business. The latest New York-London cross rate to hand is 373⅛, the closing quotation wired from New York on 6th inst. This is 3 points lower than the quotation of a week ago. Chinese market rates. Shanghai Taels 97,425. Local Currency $70,425. Native interest 11½ percent per annum.

EXPORTS

The Cotton and Hide markets are lifeless. Wood Oil is rather easier, owing mainly to the absence of demand from America, but a fair enquiry still continues from Europe for prompt shipment.

IMPORTS

Piece Goods:—There was a fair enquiry for Grey Shirtings and Grey Jeans at increasing prices. The market ruled firm throughout.

Yarn:—There was a fair demand for 16's from stock.

Coal Market

Messrs. Wheelock and Company write as follows in their coal market report of yesterday:

JAPAN COAL

There is nothing fresh to report as regards our local market since last writing but the coal-market in Japan is showing some signs of improvement in that the stocks of dust coals at the mines and at the various shipping ports have greatly diminished of late and the opinion of coal-operators is that this will have a strengthening effect on the market in the near future.

FUSHUN COAL

No change.

FUCHUNG ANTHRACITE COAL

No change.

KAIPING COAL

As usual at this time of the year the market is dull with very small enquiries. It is not anticipated that much improvement will be seen before Autumn. Prices remain very steady and although stocks are a little in excess of the quantities recently stored they are by no means heavy.

DR. DEWEY DEPARTS

(China Press Correspondence)

Peking, July 11.—Dr. John Dewey, Columbia exchange professor at the Peking National University left today on his return trip to America. Dr. Dewey went to Tsinanfu where he will remain a few days and will then go to Japan by way of Tsingtao. He will remain for a short time in Japan.

Dr. Tsai Yuan-pei, former Minister of Education and President of Peking National University is returning to China. He has been studying educational conditions and institutions in Europe and America. He has already left the United States. He too will spend some time in Japan.
